We will depart for The Big Apple today making necessary stops along the way. We will first visit the **American Museum of Natural History to view The Space Show *Dark Universe***. The Hayden Planetarium Space Show **Dark Universe** celebrates the pivotal discoveries that have led us to greater knowledge of the structure and history of the universe and our place in it—and to new frontiers for exploration. This state-of-the-art experience will amaze you. After our visit, we will enjoy a **luncheon at Buca di Beppo**. This Italian Restaurant serves Authentic Family Style Italian Food. Located on West 45th Street, right between the Good Morning America studio and Times Square, we will be in the middle of all the New York action. Once you step through the doors, you'll know you are going to have a memorable meal. Buca is everyone's favorite Italian restaurant because they make every guest feel like family and when they bring out our eye-popping, mouthwatering, family style portions of authentic Italian dishes, you'll know that there is no way you are going to leave hungry. After our lunch, we will head for the **Stephen Sondheim Theatre and your orchestra seat** to see a production of **Beautiful: The Carole King Musical**. BEAUTIFUL tells the inspiring true story of King's remarkable rise to stardom, from being part of a hit songwriting team with her husband Gerry Goffin, to her relationship with fellow writers and best friends Cynthia Weil and Barry Mann, to becoming one of the most successful solo acts in popular music history. Along the way, she made more than BEAUTIFUL music, she wrote the soundtrack to a generation. After the show we will depart for home.
